

Dog Tails

Oliver was found running across a busy street by a volunteer. He was not micro-chipped, and we tried for weeks to find his owner without success! We don't have dog foster homes, so Oliver was boarded at a wonderful facility with daycare. Besides making sure this young and energetic husky got loads of social time, they introduced us to his future parents. Oliver found the family of his dreams...two kids, two other dogs, Mom and Dad and a perfect big yard for romping and stomping!!

Possum was wandering on the side of Gender Road when one of our volunteers happened to be driving by at just the right time. While Possum was micro-chipped, her owner surrendered her to us in hopes to give her a better life. Possum got groomed, vetted, and required 14 teeth pulled! Look at her before and after! We are so excited to see Possum happily living her best life with her new mom Becky!

A Love Story

Chapter 1: Louise (aka Baby Lo) was the only black kitten of the litter. Luckily, she caught the eyes of Sam and Joe. They knew they had to have her!

Chapter 2: Louise wasn't the only one Sam and Joe had their eyes on! Louie was an older guy that came to us with some health concerns. Sam and Joe patiently waited while we got Louise's health issues straightened out. A few months later, they finally got to bring him home!

Happy Ending: Louie and Baby Lo are best buds in their forever home! Forgotten 4-Paws is so thankful to Sam and Joe for seeing how amazing these two cats are and adopting them!

Morale of the story: While black cats and senior cats typically take the longest to get adopted, they are just as awesome and have so much to offer!!

Spending

We have spent \$37,445 on medical and surgical procedures since last November, which included more than 150 spays and neuters. Another \$27,866 was spent on food and litter to support rescued animals including those still in foster care, pets of low-income seniors, members of the community needing assistance, and feral colonies.

How You Can Help

Please help us provide the lost, stray and unwanted animals in our communities with warm beds, nutritious food, veterinary care and loving attention. Your gift will change each precious life. Please send your tax-deductible donation, in any amount, to P.O. Box 134, Pickerington, OH 43147 -OR- P. O. Box 1046, Lancaster, OH 43130 -OR- choose the PayPal option at forgotten4paws.org for a one-time or recurring gift. We also have wishlists on Chewy and Amazon.

Thank you!
